

PROJECT

# REINVENT

OBJECTIVE: A fresh take on the classic chip  
INVENTOR: Katsuya Fukushima, Head Chef, Minibar & Café Atlantico, Washington, D.C.  
REINVENTION: Frozen Potato Chip

INGREDIENTS

3 Idaho® Potatoes, Deseeded  
Oil (as needed for frying)  
Sea Salt  
3 C Water  
½ Tsp. White Unflavored Agar-Agar Powder

SUMMARY

An amazing amuse bouche, the common potato chip has been reinvented to the level of, well, a computer chip. But much tastier, of course. Your guests will marvel at how you did it. But at the heart of this remarkable reinvention is that good, honest, heartland favorite, Idaho® Potatoes. For this and other, slightly more down-to-earth recipe reinventions, visit us on the Web.
